

The Off-Road Vehicle Permit System For Big Cypress National Preserve

It is a 3-Step Process to obtain an off-road vehicle permit for use of an ATV, ATC, Swamp Buggy or Street Legal - 4 X 4, in the Big Cypress National Preserve: 1) an operator's permit (free), 2) an inspection sticker (free), and 3) an annual vehicle permit (\$50.00 per year) are required. Motorcycles and other two-wheeled vehicles are not permitted in the preserve backcountry.

The vehicle inspections may only be obtained – Friday, Saturday, Sunday, and Monday, 8:30 a.m. to 3 p.m., however the \$50.00 annual permits will be sold every day of the week (unless the vehicle requires a reinspection).

EXPLANATIONS

1) Operator's Permit:

In order to get this identification card, you must come to the Big Cypress Visitor Center at Oasis, located halfway between Naples and Miami on Highway 41 (Tamiami Trail). Bring your **valid state driver's license (required)**. Those who have a learner's permit must be accompanied by a licensed adult 18 years or older who also possess a Big Cypress National Preserve ORV operator's permit. **Unlicensed drivers are not permitted to operate ORVs in Big Cypress.**

You will be shown a 40 minute video and your photo will be taken. ORV staff will produce an operator's permit card while you watch the video. You are required to carry the operator's permit with you whenever you are operating an ORV in the Preserve.

It is extremely important that you provide the staff with current address and telephone information so that we may send you mail with important updates on trails, regulations, and ORV related news.

This part of the permit process will take approximately 45 minutes.

2) Vehicle Inspection Sticker:

Bring your vehicle in to the visitor center on Fri, Sat, Sun, or Mon 8:30 am to 3:00 pm (The inspections will NOT be done on Tues, Wed, or Thurs). The inspection sticker is valid for 3 years, at which time, the vehicle will need a reinspection. ORV staff will inspect your vehicle under the following guidelines:

ORV REQUIREMENTS

ATV 3 and 4 Wheelers

Front Tires 7"

Rear Tires 9"

Working white Headlight

Working Red Tail Light

Muffler

VIN#

PROOF OF TITLE (State Law Requirement)

Street Legal 4x4

Tires minimum of 9" Tread Face

Working White Headlights

Working Red Tail Lights

VIN#

4 Wheel Drive

Muffler

Weight (will be weighed at inspection)

Registration/Insurance

3) Annual Vehicle Permit:

Once you have obtained an operator's permit and your vehicle has passed the inspection and received an inspection sticker, you may then purchase the \$50.00 annual ORV permit. **These permits are valid from January 1 of each year to January 31 of the following year - a thirteen-month period, however, they are NOT prorated from the date of purchase.** This means that whatever your date of purchase is, the permit will still expire on January 1, and therefore it is more economical to purchase it early in the year! Permits go on sale mid-December of each year and 2,000 permits are available each year. All permit sales are on a first-come, first-served basis at this time, but a drawing system may be used as demand approaches the 2,000 permit limit. **Permits are not transferable between vehicles.**

It is strongly advised that you call the visitor center at 239-695-1201 before you bring your vehicle in. We may be able to save you time and extra trips with a brief conversation before your visit.
